I think it would be good to meet on this as well as a few other things including the status of the SF site congressional, the Tar Creek congressional, the house and senate budget committees' interest in areas where agencies can reduce expenditures, and the 'why won't EPA give congress info' congressional.

Thanks.

Have a great weekend.

Just came by and your door was closed:

1) I agree we ought to investigate that complaint which came in to Glenn Fine and you re: Anniston, AL matter (Environmental Working Group). I can find out who in Glenn's office is handling and put OI in touch with them.

2) I just returned from CCIG meeting -- heard that HHS contracts out their Hotline function to a group headed by a former HHS IG (b) (6) ??). ITC IG has the contractors only write up the information, then turn it over to an inherently governmental employee for decision. I'm getting their procedures/specifics.

3) The D.C. Hip Hop Theater Festival is from 12-1:30 in Woodrow Wilson Plaza. I'll get a table; (b) will be here at noon.
